Greetings from the Administrator:

Fiscal Year 2011 proved to be consistent in both the in-season and off-season fixed route ridership as compared to the previous year. Overall, ridership shows a 1% increase between fiscal years. Fiscal Year 2011 showed a decrease in medical and nutritional service trips on "The Lift" resulting in a 3% decrease from FY 2010. As in the previous year, the New Freedom Program has allowed the VTA to continue to allocate additional resources to researching and identifying transportation gaps and service options for seniors and persons with disabilities. The VTA was also able to provide the community with mobility aides such as tailored travel training programs and customized large print schedules specific to the riders' needs.

The VTA is appreciative of how the Island community has embraced the public transit system and continues to show their support. As the number of youth and elderly residents without access to private vehicles continues to grow, the VTA works hard to accommodate their transit dependent needs. The public transit system helps to balance the conservation of resources with meeting the needs of the traveling public.

As always, I would like to extend my gratitude to our operating company, Transit Connection, Inc., and their staff for their continued devotion as we go into our tenth year of operation together. I would also like to express my appreciation to all of the town and local boards for their cooperation and support, as well as my staff for their commitment to providing quality public service. Last, but not least, thanks to the community and our passengers for their continued support of the VTA.

Truly,

Angela E. Grant, Administrator
